DEAR CHRISTIAN CONTRACTORS,

ON DECEMBER 16, our neighborhood was completely ransacked by a tornado. The insurance company that we use seemed to take their time in our time of need. The hand of God was without a doubt on our home, and over my family. As you and your crew could clearly see, all of the houses in a complete circle around our home were destroyed or badly damaged, and ours remained only "brushed" by the storm. We thanked god for that immediately. No one in our immediate area lost their life or suffered severe injuries. We had lived through our first tornado but at least we all lived through it. Your ministry is one like I have never seen. It touched my heart and moved my spirit to see the compassion you have for the needy. When most people speak of missions, the first thing that comes to mind is foreign missions. With the loss of 2,600 textile jobs, Geneva County is in dire need of government aid. The crises closest to home have to be our first priority. My personal skills are limited and our finances are still a little tight, but I would like to support your cause and volunteer my services to our cause. THE ULTIMATE CAUSE, of being Jesus to a hurting nation. I have devoted my life and my musical talents as a Praise and Worship Leader to the ministry and I pass it on to others every chance that I get. My other skills lie in the areas of vinyl siding, some roofing, woodcutting, clean-up detail, and any other small jobs that I can learn. I am a fast learner, a hard worker, and a devoted Christian. Please let me know if I can be of some help to you and yours.

IN HIM,
ALI & BJ HARRISON

"Everywhere I go let me be your servant, let my hope be known and my prayer be fervent.... Oh Lord make me more like you." CLAY CROSSE
