Brooksville, Florida 34604

Dear Scott,

First of all please accept my apology for taking so long in getting this letter to you. But on behalf of the Town of Inglis, the Inglis Commission and the citizens of our town, I would like to take this opportunity to say "Thank you". Your efforts and support in the clean up after the terrible storm on October 15th were not only needed, but tremendously appreciated. We especially appreciate your desire to help the elderly, widowers and those not blessed enough to have insurance. Your organization is a wonderful testimony and witness to people everywhere. I hope your organization continues to be blessed with the support you need to keep up the work you are doing. Thank you for being there for our community.

Again, thank you and our sincerest appreciation! God Bless!

Sincerely,

Mayor Carolyn Risher
Town of Inglis
